Berkeley Woman Shot and Fatally Wounded by Husband in Sunday Tragedy

Slayer Declares He Found Affinity and Wife Together in House

BERKELEY, Aug. 12.—Throwing herself across the little gate of her West Berkeley home through which her alleged lover had just fled, Mrs. Linda Paganini was shot through the abdomen last evening by her maddened husband, Giovanni Paganini, whose way to vengeance she barred. She died in the receiving ward at Roosevelt Hospital early this morning. Delibaco Billo, whom her spouse declares he drove from her room when he returned unexpectedly to the home, escaped in safety. His whereabouts are unknown. Paganini is in the city jail, charged with murder. He is an employee of the Pacific Guano and Fertilizer Company. The tragedy occurred at his residence at 723 Delaware street.

Several occasions upon which Billo and Mrs. Paganini danced many dances together and paid each other attentions are cited by Paganini as preliminaries to his crime. His own account follows:

CHILDREN IN STREET.
In company with another man he was at work on the beach yesterday afternoon, deciding about five o'clock to return to his home for a wheelbarrow. In the street he found his children, seven-year-old Amelia and four-year-old Theodore, at play. Entering the house he was surprised to find the door of his wife's room closed. He called to her. She opened the door a little way. His suspicions growing, he attempted to enter the room and had to force his resisting wife to one side to do so. Within the room he found a man's hat on the floor and started hunting for its possessor.

He finally located the man under the bed and dragged him forth. It was Billo, he declares, against whom he had long entertained suspicion. Billo struggled to free himself from the angered husband and finally succeeding, bolted through the door and into the hall along which he ran toward the street.

SECURES REVOLVER.
Maddened at the sight of his enemy fleeing, Paganini darted across the hallway to his own room and secured a revolver which he had kept loaded in his bureau drawer. He followed the fleeing Billo toward the yard. From where he stood, clinging to the knob of her door, Mrs. Paganini first flung herself upon him but, finding this useless, ran ahead of him to the yard, and threw herself across the gate, barring his way.

"If I fool you," she said to him, "I'll fool you," she said to him.

Paganini fired as he closed with her. The bullet struck her in the abdomen, inflicting a mortal wound. She dragged herself across the yard to an outer gate, falling there unconscious.

Report of the crime was sent to the police by neighbors. Patrolman H. P. Lee, who was detailed, had the woman removed to Roosevelt Hospital and placed Paganini under arrest. Mrs. Paganini died at 12:15 p. m.

Paganini and his wife are both from Italy, where they were married eight years ago. He is 30 years of age. She was 27.

DEPOSITORS AFTER LOAN CONCERN

Petition for Bankruptcy Proceedings Against Continental Is Filed

Building and Loan League Commends Proposed Course of Grand Jury

SAN FRANCISCO, Aug. 12.—The litigation involving the taking charge of the affairs of the Continental Building and Loan Association by Commissioner Walker, became further involved this morning through the filing of a petition for bankruptcy by a number of depositors in the corporation. Other developments of the day were the stipulation by Attorney General Webb, that he would file his petition for an order to show cause at 3 o'clock this afternoon, the announcement by District Attorney Wickert that he would take the inquiry into his own hands, and the signing of a formal order by Superior Judge Graham vacating the injunction issued by him on Friday, which was verbally withdrawn Saturday afternoon. In addition Foreman Dumbrell of the grand jury received a telegram from L. M. Simpson, president of the California Building and Loan League, commending his course in calling an investigation and offering him assistance, on the part of the State.

BANKRUPTCY PETITION FILED.
The petition for adjudication of bankruptcy against the Continental Building and Loan Association was filed in the federal court by Arthur L. Myers, Martin L. Haines, and Alice Haines, and recites a number of allegations. It is claimed that the corporation placed itself under the jurisdiction of the bankruptcy court by lending \$400,000 on real estate and making payment to certain creditors in the sums of \$12,000, \$10,000 and \$10,000. It also recites that Haines paid into the concern on a contract \$5 a month for 115 months, beginning February 4, 1903, and was to receive in return at least \$585. He asserted that he was a partner in the corporation.

Scissors fell as a weapon with which to commit harikari according to the experience of Yutichi Kanakami, who inflicted gaping wounds in his abdomen some time Saturday night in his room at 384 Fifth street. He was still conscious when his condition was discovered this morning by an adjoining roomer, who heard him groaning. He was removed to the receiving hospital, where it was found that he will probably recover. The patient underwent an operation performed by Dr. Devine and Steward Davison without taking an anesthetic. He gave as the reason for his act that he had been suffering from headaches. Recently he was a patient at the county infirmary.

NELLIE SCHMIDT SWIMS ACROSS BAY CONQUERS WAVES IN THREE HOURS

GROGER SHOTS U. S. TROOPS IN WOMAN AND HIMSELF FIGHT WITH MEXICANS

Three Bullets May Cause Death of Customer; Assailant Is Dead.

SAN FRANCISCO, Aug. 12.—Nicholas Sopotinos, a grocer, at 1468 Valencia street, at 1 o'clock this afternoon, shot Mrs. Helen McAndrew, a customer, three times in the breast and arm, and then turned the revolver on himself, firing a bullet through his heart. The shooting occurred in the store, and when men, attracted by the shooting, rushed in from the sidewalk, the grocer was dead, and the woman apparently dying. She said that the grocer had gone insane. Mrs. McAndrew is the wife of a car conductor and lives over the grocery store. She was taken to the Mission Hospital.

At the hospital, the injured woman revived sufficiently to give some explanation of the tragedy. She testified that at one o'clock this afternoon she went into the little grocery to purchase some goods. The grocer, who was a man of about 40 years of age, looked haggard and pale and, knowing him, she asked what was the matter.

"I don't know," he replied, "I feel nervous," and he turned to her, "Wait a minute and I'll get you the sugar."

The man walked into a little back room and when he emerged he held a revolver in his hand.

Before the terrified Mrs. McAndrew could realize Sopotinos' intentions, the man suddenly opened fire upon her. Two bullets struck her in the chest and a third pierced her right arm. She fell unconscious to the floor and the ceased to move.

It was feared that the woman's wounds will prove fatal.

MOTHER IS PROUD.
There was no one more glad of her triumph than Riehl, unless it was the girl's aged mother, who was the first to welcome her at the Oakland pier and to embrace her.

"I knew you would do it, dear," she said. "I am proud of you."

Weather conditions were ideal when Miss Schmidt, at 11 o'clock by the hands of the ferry clock, dived from the Vallejo-street wharf. It was her 13th, but the mermaid was not superstitious.

Under the auspices of the South End and Dolphin Boat Club, a flotilla of launches was provided. Representing the South End Club were Thomas Barry, James Driscoll and Captain J. E. Souly. Val Keblein, Cop Konif and Meyer Joseph of the Dolphin Club were on hand. On the official launch were also Mrs. Schmidt, Dr. Riehl and Miss N. Schmidt, the University of California girl who swam the Golden Gate with Miss Schmidt last fall. She sat on the cabin of the launch and held the official watch.

Nelson Clark, a young hunter and miner, undertook to accompany the girl on the top of the launch.

WOMAN IS VICTIM OF FIEND

Mrs. Jenny Leonard Beaten and Left Unconscious in Own Home

Attacked by Supposed Maniac, Who Inquires for Rooms, and Brutally Beaten

Mrs. Jenny Leonard, 648 Fifteenth street, was the victim of a brutal attack by an unknown man who went to her house this morning for the ostensible purpose of looking for rooms. Mrs. Leonard was showing some upstairs rooms to the stranger when he suddenly seized her and threw her to the floor, choking her, and when she attempted to scream beating her into unconsciousness.

The attack occurred shortly after 9 o'clock this morning and when Mrs. Leonard recovered consciousness about twenty minutes later she found a friend, Mrs. Lorraine Hurt, and H. McLaughlin at 623 Thirteenth street, bending over her. Her clothes were torn and there were bruises about her throat and she had received a black eye and contusions about the face. Medical aid was summoned and the police notified. Inspectors Harry E. Green and William Kyle were detailed upon the case and are making an investigation.

Mrs. Leonard told the police that she believed her assailant must have been insane. He came to the house this morning and according to her story inquired for rooms.

"He took the man to the upper part of the house," said Mrs. Leonard this morning, "to show him two rooms which I had for rent furnished in that part of the house. He looked them over and said he thought he would not take them. After we had started down stairs he asked me if there was a clothes closet in the second room and I told him there was. 'We went back and I opened the door to show him the size of the closet. While my back was turned he suddenly seized me and with strength that seemed to be lent him by an insane rage he threw me to the floor and commenced choking me. I fought back and tried to scream, but the fingers of his right hand pressed tightly into my throat and I could not make a sound. Then he began beating me with his fists and I lost consciousness.'

Mrs. Leonard was able to give the police only a meager description of her assailant. He was 35 years of age, fairly well dressed, of medium build and dark complexion. He was clean shaven.

HARRISBURG, Va., Aug. 12.—Rockingham county authorities investigating the death of George M. Nicholas, wealthy hermit farmer of Port Republic, have discovered extraordinary affairs in the old man's mansion. He died last week after drinking coffee. His stomach is in a chemical laboratory at Richmond for examination. Worth \$250,000, which is said to have been scattered in fifteen banks in Virginia and Maryland, the old man lived in seclusion in a fifteen-room mansion bare of furniture and slept on a bare floor. BOY SLAYER FACES TRIAL; FAMILY BATTLES FOR HIM

CHARLES BONNER, WHO IS ON TRIAL FOR HIS LIFE, AND BERNICE GODAIR, WHOM HE KILLED.

SAN FRANCISCO, Aug. 12.—Charles Bonner, the 19-year-old lad, who shot and killed his sweetheart, Bernice Lillian Godair, aged 17, because her affection for him had, he thought, become cold, was placed on trial this morning before Superior Judge Dunne. Although, following his arrest, the young man asserted that he wanted to pay with his life for his crime, and would probably plead guilty, his mother and friends are doing everything possible to save him from the consequences of his act. An effort was made to have him declared insane, but the alienists who examined him, pronounced him in his right mind. This morning, his attorney, William Horst Cook examined every witness with the most minute care questioning each at great length. It is hardly likely that the necessary twelve men will be obtained before Wednesday. Sitting just behind the young defendant was his mother, who is spending her all in an effort to save him, while a few feet to the rear sat the family of the dead girl, all in deep mourning. Assistant District Attorney McNutt is prosecuting the case.

It was on the night of June 3 that Bonner called upon Bernice Godair, after asking, as he thought, an engagement with her. She told she was going to the theater and left in company with her aunt. He rode down with them on the car, and when they returned, escorted by a young man, and was about to enter their home, at 1172 Haight street, Bonner stepped from the carriage, spoke a few words to the girl and fired. As she tried to walk up the stairs he emptied his revolver into her body.

The two had formerly gone often to the skating rink together, but the girl was the victim of Bonner's persistent attentions to the exclusion of other lads of her acquaintance.

From tomorrow until Sept. 12, the highest officials and leading personages will be permitted to visit the chamber.

The services are to begin at 5 o'clock a. m. September 12, when Emperor Yoshihito and the Empress Dowager will be present. At 7 o'clock p. m., the elder statesmen, the peers, all the high officials and the foreign representatives are to assemble at the Palace, from which the procession will start at 8 p. m. BORDER FIGHTING GROWING SERIOUS

Turko-Montenegrin Frontier Scene of Many Encounters.

LONDON, Aug. 12.—No news has been received here as to whether the renewed fighting on the Turko-Montenegrin frontier is serious. It probably is in defiance of orders from the two capitals, for advances from Constantinople continue to describe the situation as unimportant. The extreme rigor of martial law at the Turkish capital has been relaxed. No developments growing out of the meetings of the Committee of Union and Progress are reported from Salonika.

An attempt by the Turkish officers belonging to the Union and Progress Committee to secure the adherence of the army divisions of Bulgaria, Yunnan, Ussup, Smyrna and Adrianople to protest against the dissolution of the Chamber of Deputies and the formation of a new ministry has proved unsuccessful, according to the Times correspondent at Sofia.

The Times correspondent at Sofia telegraphs that the Bulgarian government has decided to maintain friendly relations with Turkey in the hope that the Porte will make reparations for the massacre of Bulgarians by Muslims at Kotschana.

FIGHTING IS ON.
CETINJE, Montenegro, Aug. 12.—Frontier fighting between Turks and Montenegrins at the Montenegrin fortified posts on the eastern frontier.

EXCITEMENT CONTINUES.
SOFIA, Bulgaria, Aug. 12.—The excitement of the Bulgarian people over the massacre of Bulgarians by Muslims at Kotschana, fifty miles southwest of Ussup, on August 2, continues without abatement.

The Bulgarian press is clamoring for war against Turkey. The inhabitants of Southern Bulgaria are extremely bellicose. They are holding meetings of protest against the massacre, in which 140 Bulgarians were killed, and demonstrations against Turkey are being organized in all parts of the country.

EXPECT SETTLEMENT.
CONSTANTINOPLE, Aug. 12.—A final settlement of the Albanian difficulty is expected soon. It is stated that the government is able to accept a majority of the Albanian demands after slight modification, but that it declines to consider a demand for impairment of the Turkish cabinet.

POSTOFFICE WRECKED.
SALONIKA, Aug. 12.—The Austrian postoffice here has been wrecked by a bomb. It is believed the perpetrators are Turks or Bulgarians.

LIVERMORE DIANA BAGS DOVE LIMIT

NEW PARCELS POST PLAN IS ADOPTED

Bourne-Bristow Bill Passes Senate Without Word of Debate.

WASHINGTON, Aug. 12.—Without a word of debate the Senate adopted today the Bourne-Bristow parcel post plan as a substitute for the House parcel post provision in the postoffice appropriation bill.

The Bourne-Bristow plan would divide the country into eight zones. Within a 50 mile radius the rate would be fixed at 50 cents per pound, and in other zones would increase to 12 cents a pound in the eighth zone, covering points more than 100 miles apart.

The House provision outlined a straight 12 cent rate on parcels weighing up to 11 pounds.

'EVANGELISM' AND WHAT IT MEANS, EXPLAINED

The meaning of "Evangelism" in its broadest sense was explained to the parishioners of the First Congregational church of this city last evening by Rev. F. N. Merriam of Newburyport, Mass., in a sermon entitled "Words That Help." The speaker is an authority upon evangelical work, which he has studied in all its phases.

Speaking upon that theme, he said in part: "We think of this God-given power to speak such healing words as belonging to a great prophet like Isaiah, but an open secret for us all. This gift of the kind word is of striking contrast to the unkind word, even unkindness, judgment or criticism of people, if once spoken, are beyond recall. But the helpful has great power, and is often needed. Take, for example, some form of a nervous disorder, the right word, rightly spoken, often works a cure. The healing disorder is healed with what is called suggestion to the mind. In the case of moral disorders, the word of God's forgiveness, rightly spoken, often works a cure. It is the word we call evangelism."

CASE OF LOUIS GLASS IS CONTINUED TILL AUG. 26

SAN FRANCISCO, Aug. 12.—The case of Louis Glass, former vice-president of the Pacific Telephone company, charged with embezzlement, was again called in Judge Taylor's court today. Assistant District Attorney Magee was asked by the court if the prosecution had any more to say in the case. He replied that the case was continued until August 26.

Attorneys Cross and Coogan objected strenuously to the case going over and thus set in operation action to invoke the statute of limitations if the trial is not had within 60 days.

WOMAN IS GIVEN POISON; MAY DIE

Companion of Victim Is Arrested Pending Inquiry.

SAN FRANCISCO, Aug. 12.—Miss Della Baker, who lives at 846 Columbus avenue, is in a dying condition at the Harbor Hospital as the result of an overdose of morphine taken at 8 o'clock this evening in a room at 846 Columbus avenue.

Detectives Cook and O'Dea, who made an investigation, decided to arrest Clara Lee, a companion of the woman, and Arthur Graves, who was also in the room at the time of the overdose.

Both are being held in the city prison pending a further inquiry. The Baker woman was unconscious when Steward Muhl arrived with an ambulance and it was not certain if she had taken morphine, although the stomach pump was used at the hospital. The detective learned, however, that her companion had given her the drug, supposedly at her request.

FOUR ACCUSED OF SLAYING LINEMAN

PORTLAND, Aug. 12.—Three youths were taken into custody yesterday on charges of murder, and a warrant was issued for a fourth, in connection with the death of Adam Baker, a lineman, who died on July 28, following a beating received late at night on one of the main streets of this city.

The men under arrest are Charles "Red" Smith, 17, a machine shop worker, aged 19, a tinner, and Robert Burns, a lineman, aged 20. The name of the fourth will not be given out until the arrest is made. The police stated that the three under arrest acknowledged responsibility for Baker's death, but they denied intent to kill.

SKETCH OF DESERT WINS AT PANTAGES

Good Bill Opens Second Week of New Oakland Pantages Theater.

In the shade of "Under the Gas Light" and "The Lights of Chicago" that train first thundered across the stage. Yesterday it drew up at Pantages Theater and thus changed in tune with the applause of those present.

It is a canvas train but the steam is real and there are a bell and a whistle that sound enough like actuality to satisfy any exacting young person in the audience.

It was in Taylor Granville's "The Hold-up" yesterday that the audience again caught sight of melodrama's old favorite. "The Hold-up" is a sketch of desert life, an episode of the great Southwest that have been taken from an actual happening.

It tells a story of "Lonesome Joe" Brandt and his experience with a bold, bad hold-up man. How the limited and a man's career were saved is the story of the degree of skill in acting and staging.

FROM MELODY LANE.

The All-Star Trio bring some new songs and old ones from "Melody Lane." They scored heavily yesterday and stand to be one of the big features of this week's Pantages bill. The trio possess a deal of personality and good singing voices.

M. Bankoff and Lulu Belmont work strenuously in a series of acrobatic dances. Bankoff, in his Russian dance, whips about like a top. Also he leaps high. The whirling act and the greater the attitude attained by a Russian dancer the better a dancer he is. Bankoff, therefore, is a top notcher. Miss Belmont is an able assistant and displays grace and agility in her terpsichorean attainments.

Opening the show are the Four Janovskys, who risk their necks in numerous acrobatic stunts. Howard and Dolores, featuring "The Rag-Time Model Girl," easily extracted applause and appreciation from all of yesterday's audiences.

Elsa Grosser and her violin played her way into the hearts of those in front of the footlights. In her repertoire are classic and some of the latest day lighter things. All of them she does well.

LEON MORRIS' WRESTLING PONIES DO MANY THINGS

Leon Morris' wrestling ponies do many things besides John Hodge. The spotlight pictures close a good bill at the new theater.

MERCHANT GIVES AWAY \$687,500 ON BIRTHDAY

CHICAGO, Aug. 12.—Julius Rosenwald, former president of Sears, Roebuck & Co., the firm which recently established a fund for a million dollars to encourage better farm work, celebrated his fiftieth birthday today by giving \$687,500 to seven charities. Included in his gifts are \$250,000 each to the University of Chicago and the Associated Jewish Charities of Chicago. The university is to devote the money to the erection of a women's gymnasium and buildings for geological, geographical and classical departments.

Endowment of Country Club for social workers, \$50,000.

Dr. Booker T. Washington for improvement and elevation of negro schools, \$25,000.

Marks Nathan Home for Jewish Orphans, for building now under construction, \$25,000.

SCUTTLE SHIP IN BAY TO EXTINGUISH BLAZE

SAN FRANCISCO, Aug. 12.—A ship was scuttled in San Francisco bay yesterday morning. Captain Kidd was out-kidnapped. In much bolder fashion than the old king pirate ever dreamed of, a good, sound craft was sunk with \$500 treasure at least aboard. The ship will be recovered, but the \$50,000 is gone.

For over a month the owners of the old sugar packet William G. Irwin, a relic of the glorious days of the Spreckels fleet, have been trying to extinguish a fire in a cargo of ore in the hold.

Saturday night the fire tug David Scamnell made the last stand, and yesterday morning when the flames burst forth atreath it was decided to cut open holes in the brig's side to allow the ingress of the waters of the bay.

The hold soon had plenty of water to do the trick and slowly the hull, then the deck, then the masts and masts disappeared. So far as is known the vessel itself was not burned any and today efforts to raise her will begin. She is lying in Mission bay.

GREAT ISSUES OCCUPY SESSION OF CONGRESS

Amount of Legislation Is Small; Appropriations Hang Fire

WASHINGTON, Aug. 12.—Congress is about to terminate a session that has now run over 50 days. The session has not been fruitful of much general legislation, but from the standpoint of great issues fought out and great policies outlined, it has been of more than usual interest.

Political activities have helped to prolong it and political differences between the House and Senate the one Democratic and the other controlled by an independent element of the Republican party, have served to the appropriation bill and impede much general legislation.

BILLS HANG FIRE

Many annual appropriation bills that should have become effective July 1 still are at issue between the two houses. Minor legislation and important questions of general interest are to be laid aside in an effort to bring about adjournment by next Saturday, or at the latest by the end of the following week.

The most important developments that have marked the session are:

The decision of the Senate that William Lorimer had not legally been elected senator from Illinois.

The beginning of impeachment proceedings against Judge Robert W. Archibald of the commerce court.

Abrogation of the Russian treaty following agitation over the Jewish passport question.

Substantial defeat by amendment of President Taft's arbitration treaties with Great Britain and France.

Notice by the Senate to foreign nations that the United States will permit them to acquire naval or military sites in the western United States.

Approval of a constitutional amendment for direct election of senators.

Decision of both houses in favor of free passage for American ships at Panama, in face of Great Britain's protest that this would be a violation of treaty rights.

Admission of New Mexico and Arizona to statehood.

Veto by President Taft of tariff bills passed by Democratic-Progressive alliance.

Creation of a children's bureau in the department of commerce and labor.

Increase of civil war pensions through the Sherwood service pension law.

UNFINISHED BUSINESS

Important questions remaining to be settled between the two houses or between Congress and the President are:

Proposed abolition of the tariff commission and court.

Battlefield building program for 1913. Reorganization plans for the army, partly rejected by the President, when he vetoed the military appropriation bill.

Establishment of a parcels post.

Restriction of civil service employees to senior term.

Details of the Panama canal administration.

Creation of a federal department of labor.

Investigation committee appointed a year ago have practically all reported to Congress, covering the inquiries into various so-called trusts, the "shipping combine," Alaskan affairs, agricultural department operations, the "secret fund" of the State department, the "Ethiopian disaster" and many other subjects. Few investigations have resulted in new laws.

Inquiry into campaign expenditures has resulted in the perfection of campaign publicity bills that probably will be passed next winter. Agitation for a six-year term for President and Vice-President is expected to result in favorable action next session on a constitutional amendment.

PROSE MONEY TRUST

New investigations have been started into the "money trust," the alleged financing of Cuban and Mexican insurrections by the State department, the "Ethiopian disaster" and many other subjects. Few investigations have resulted in new laws.

BERKELEY TENNIS PLAYERS BEATEN

Oakland Team Wins in Exhibition Men's Doubles at Mosswood.

The exhibition men's doubles yesterday afternoon arranged by Secretary C. Fred Burks of the Oakland Lawn Tennis Association at the Mosswood Park courts, proved to be the fastest tennis seen in Oakland since the days of the Hardy brothers twelve years ago. The Berkeley team, composed of J. C. Rohlf and Norman Ambrose, holders of the doubles championship of Alameda county, went down to defeat before the brilliant play of Percy Murdoch and Reuben C. Hunt, the latter holding the Alameda county championship in singles. The Oakland team won by the score of 2-6, 6-8, 8-7, 7-5, 6-2.

Following this event Miss Carman and Sybil Tardiff defeated Miss B. L. Eaves and Mrs. Loida Long, the score being 6-1, 6-2. The program for next Sunday will include an exhibition in men's singles between W. G. Knowlton of San Francisco and C. E. Foley, a former California state champion. Also a women's doubles between the Misses Tardiff of Oakland and Miss Leontine Rickard and partner of Berkeley.

HORSES' WATER TROUGH UNDER BAN IN NEW YORK

NEW YORK, Aug. 12.—Now it is the "common drinking cup" for horses that is a menace and must be done away with. An investigation by the Bureau of Municipal Research here shows that of the 9,000 horses that died in Manhattan last year from glanders and other communicable diseases a large proportion imbibed the deadly germs from the common water troughs.

It is the universal opinion of those interested in the problem that all troughs should be abolished. It is believed that the New York health department will forbid the further erection of watering troughs of any description and that in future their place will be supplied by draw hydrants.

SAYS SPOUSE WAS TAKEN FROM HER

Mrs. Cowie Sues Wife of Former Tonopah Mine Owner.

SAN FRANCISCO, Aug. 12.—Mrs. Annie Routledge, wife of William Henry Routledge, a wealthy mine owner formerly of Tonopah, was made defendant this morning in a sensational suit for \$25,000, in which she is accused of being the affiant of James E. Cowie, who was Routledge's secretary up to two years ago.

The complaint came to Judge Annie Cowie of Sacramento, who charges that Mrs. Routledge has won her way to the affections of her spouse and is living with him in San Francisco.

The suit adds another bit of litigation to the legal tangle which the courts are already trying to unravel and which was begun by Mrs. Routledge.

According to Mrs. Cowie she was married October 18, 1892. The couple had nine children, four of whom are living. In January, 1909, she declares that Mrs. Routledge "gained the affection of the plaintiff and enticed Cowie by offers of money and otherwise to leave and go with her to San Francisco."

On April 5, 1912, after the pair had been friendly for some time, they left Sacramento and came to this city, according to the wife, where Mrs. Routledge has since harbored her soul-mate.

According to information given out by the attorneys who are prosecuting Mrs. Cowie, the actions, it was while Routledge was away on a trip to London and Paris that his wife and Cowie became enamored of each other.

At that time Cowie was secretary and confidential adviser of the mine man and naturally came in close contact with his family. Subsequently on his return the breach between Routledge and his wife widened.

TAKEN TO HOSPITAL.

A year and a half ago on being taken ill the mine owner was forced to go to a hospital, where he has since been and now is. Recently Mrs. Routledge filed an action for divorce against her spouse, charging desertion and failure to provide.

In an action and cross-complaint her husband denied all allegations and accused her of desertion and of having an affinity in the person of Cowie. This divorce litigation is still pending and Mrs. Cowie's suit for \$25,000 damages is the next move.

She has retained Attorneys Bull, Witherspoon and Pittman to represent her. Mrs. Routledge is said to be wealthy in her own right and Routledge reputedly to be worth in the neighborhood of half a million dollars.

In the days of the Nevada gold strike he was one of the most prominent men in the Tonopah camp and there made his fortune.

MUCH TROUBLE IN 'FAMILY AFFAIRS'

Dillon and King at Columbia Have Usual Series of Mishaps.

Dillon & King have doubtless presented the equal of their present offering now running at the Columbia, but it is hard to imagine a funnier comedy than "Family Affairs," which was served by the popular comedians to enthusiastic audiences yesterday at the Tenth-street playhouse.

A complicated plot, in which all the characters are involved, serves as a basis for the action which is sustained throughout the piece. It's just one series of entanglements, complications and amusing episodes following in rapid succession. To successfully follow the trail of Mike and Ike over the battlefield of trouble one would have to take a post-graduate course in a detective school. The services of a sleuth are, however, quite unnecessary in determining the disturbing elements in the Gay household. A heavy grand piano much out of tune, a real live baby with a pleasing squawk, a would-be actress, several mother-in-laws, father-in-laws, servant girls, etc., are some of the causes of an awful row. This mixture was arranged for the purpose of making folks laugh, and let it be said that the author certainly accomplishes his purpose.

Ben T. Dillon, in the role of Dr. Mike Knott, a pedler, selling any thing from a bottle of corn medicine to an aeroplane, gave a splendid interpretation of an amusing role. Will King was the recipient of many laughs as Ike Naggy, a hen pecked husband, who is continually quoting "Accidents will happen." The character of Willie Naggy served to introduce a clever young light comedian in the person of Charlie Brown, who was the recipient of one that could have been easily overdone by an actor of less experience. Van Pelt is an excellent reader, and possesses a pleasing personality. His good looks, splendid physique and dramatic ability should make him very popular with Columbia patrons. Charlie Kelly as Jack Gay, and Maude Beatty interpreting Abella Naggy, gave their usual finished performances. Clair Starr was pleasing as the much-abused Stella Gay, while Frances Langford, Elmore Faye and Belle Langford played minor parts effectively.

An unusually fine musical program is noticeable this week. The Ginger Girls made "Jimmy Valentine" an effective number by appearing in masks and using the conventional dark lanterns. Charlie Kelly and Clair Starr responded to several encores with a novel duet, while Mattie Townsend, assisted by the Premier Trio and chorus, delighted with the unique song, entitled "Filtration." "Everybody, Two-Step Now," including a novel solo dance, and "In the Good Old United States" were other numbers that deserve mention.

The numbers are all superbly costumed this week, while the chorus is seen to splendid advantage in ensemble scenes. "Family Affairs" will continue through the week. "Count Nogodile" will follow.

POLITICS AND BEEFSTEAK AT BIG BARBECUE

RAPID FIRE SKETCH OF THE BARBECUE IN ACTION.

LOU GRELLIN AND CONGRESSMAN JOS. R. KNOWLAND.

FREQUENT CLASHES MARK FIRST DARROW ARGUMENT

Assistant District Attorney Ford Warned by Court During Speech

LOS ANGELES, Aug. 12.—Interrupted frequently by sometimes violent objections on the part of the defense attorneys Assistant District Attorney W. J. Ford today began the opening argument to the jury in the bribery trial of Clarence S. Darrow. Beginning with a comparison of the accused and Francis Bacon, as a man whose "sentiments were noble—his practices ignoble"—Ford said that history was filled with such men. Among the "men of noble character and great reputation who have committed crimes," he named Judas Iscariot and Benedict Arnold.

The first interruption was that of Darrow, who excepted to Ford's designation of former United States Senator W. E. Mason as "Lorimer's seatmate." Mason was one of Darrow's character witnesses.

Darrow and Attorney H. H. Appel were both on their feet with objections when Ford denounced the defendant as responsible indirectly for the blowing up of the Times by "teaching there is no such thing as crime."

Darrow, he said, had taught that there was no difference between the man in jail and the man outside, but "if you are in jail it is better that you have a smart lawyer, like Clarence Darrow."

Appel protested that the prosecutor was going outside the evidence and Judge Hutton warned the speaker to desist.

Going into the history of the McNamara case, Ford defended what he called the "stool pigeon system as a necessity in enforcing the law and denounced Darrow's avowed belief in the right to spy likewise into the secret of the prosecution.

Ford reviewed briefly the evidence purporting to show that Darrow had corrupted witnesses in the McNamara case.

"The prosecution knew," declared Ford, "that Darrow was corrupting every one with whom he came into contact. Some of them were respectable citizens of Los Angeles, one of whom I am sorry to say, was Le Compton Davis."

Davis was assistant counsel in the McNamara defense.

FEAR OF TELLING.

Taking up the failure of the defense to place upon the stand A. T. Teltmeier, a San Francisco labor leader, Ford asserted that the defense was afraid to have him testify because of the "frame up" theory of the defense. Ford declared unequivocally that the accused had received the alleged bribe money from Teltmeier and that the evidence to that effect corroborated that of John R. Harrington, who had testified that Darrow displayed a roll of bills to him with the remark that he was going to "reach" jurors.

Analyzing the "frame up" theory of the defense, Ford ridiculed the impression created, he said, by Darrow's attorneys that Franklin and Harrington were in the conspiracy.

"If there was a 'frame up,'" he said, "it was between Lockwood and the district attorney after Lockwood had reported Franklin's attempt to bribe him."

Throughout the forenoon session, Darrow and Attorney Appel made many objections to what they termed "incorrect statements" by the speaker. Ford protested to the court against the interruptions declaring that they were unfair to him.

Team Plunges Into Window of Store

Horses Elude Policeman and Break Glass in Runaway.

SAN FRANCISCO, Aug. 12.—A large wagon belonging to the Globe Express Company was drawn at a terrific rate down Washington street, when the two horses attached to it became excited this morning and despite the efforts of a policeman to stop the runaway, the frightened animals plunged into the front of a clothing store at 804 Kearny street, breaking both windows. The horses were badly cut by the glass, but an examination by a veterinary surgeon convinced him that it was not necessary to shoot them. The team had been standing in front of a store at 724 Washington street while the driver, Louis P. Voto, made a delivery. An automobile driven by a woman is supposed to have frightened the animals.

BEGIN FIGHT FOR HARBOR CONTROL

M. H. Robbins Sends Out San Francisco Appeal to State.

SAN FRANCISCO, Aug. 12.—In a letter of appeal to all commercial bodies of California, H. M. Robbins, president of the San Francisco chamber of commerce, began today a State-wide fight to win for the city control of its waterfront now in the hands of the State Harbor Commission. The letter reads in part:

"The State of California has already ceded to the cities of Los Angeles, San Diego, Long Beach and Oakland the control of the tide lands and waterfronts of their harbors. . . . The city of San Francisco would, of course be obliged to devote the revenues of the harbor to redemption of the bonds already issued, just as the State does now."

HUNDREDS PLEDGE SUPPORT TO ALL MEASURES AIDING FISH AND GAME

Congressman Knowland Tells What Federal Government Is Doing for Cause; Others Are Speakers

(By GERALD P. BEAUMONT.)

After his persistent pleadings for "more beans" had been given adequate attention, Deputy District Attorney Phil Carey was called on for a speech at the Hayward barbecue yesterday.

"Mr. Chairman," said Carey, "I understand that there was to be a taboo on politics here today, but the speakers before me have been Congressmen, or those who wanted to be Congressmen, assemblymen, or those who wanted to be assemblymen, judges, or those who wanted to be judges, and every last one of them has made a political speech."

Carey was quite right. The sixth annual barbecue given at Hayward yesterday by the Alameda County Fish and Game Protective Association furnished as much politics as it did beefsteak, and there were 1200 pounds of the latter.

The politics, however, was all done in favor of the fish and game of California and more particularly of this county.

Congressman Joseph R. Knowland and his political opponent, Senator John W. Stetson, both voiced their views on the game protective policies of the national government. Senator A. F. Roynton pledged legislative aid to the fish and game association county aid was pledged.

Sheriff Frank Berner, Assistant District Attorney W. H. Hynes and Deputy Sheriff Lou Grellin, Oakland's A. D. W. H. Hynes, and the secretary of the Chamber of Commerce and individual aid was pledged.

by about 500 sportsmen, including "Tony" Mazzotte king of the annexed boosters, and Dan McNally, the "gray eagle" of Livermore.

GAMEST OF BIRDS.

From this it can be judged that Carey was quite right when he said that everybody had talked politics. Carey talked politics himself, though most of his flights of oratory were confined to urging protective legislation for the stork, which he thought was the gamest bird that ever lived.

The keynote of the speeches was based on the proclamation recently issued by the State Board of Fish and Game Commissioners calling upon the people of the state, through county protective associations, to express their desires in the matter of game legislation and to co-operate with the state and county authorities for the preservation of California's greatest asset.

The barbecue was held in Laurel grove picnic grounds at the end of the Hayward car line. In point of enthusiasm, attendance and the destruction of provisions it probably excelled the five that had already been made a matter of history.

Hundreds of sportsmen, many of them from distant parts of the state and representing every profession on the calendar assembled at the grounds before noon and divided the area between the bar and the picnic grounds into a series of small camps and a large one in the center. The picnic grounds were filled with the smoke of camp fires and the sound of campfires.

The well-known ornithologist, W. Otto Emerson

ACCOMMODATE THOUSAND.

Accommodations for a thousand people had been excellently arranged at canopied tables where the barbecue was served.

Superintending the cooking pits was Joe Goodell, volunteer chef, and a corps of twelve assistants. Goodell was armed with over half a ton of choicest beef, thirty sacks of corn and potatoes and over 200 loaves of bread. The liquid refreshments ranged from the well-known ornithologist, W. Otto Emerson

The "feed" was the most elaborate and the best prepared of any similar function given by the association, which has a reputation for the excellence of its repasts.

Governor Johnson was expected to be there and in view of the latter's famous declaration that "a man must eat" his presence would have added lustre to the big feed. But the Governor, as somebody observed, was protecting Bull Moose and had little time to bother with smaller game.

Almost a contretemps was occasioned when some innocent usher tried to seat Senator Stetson beside Congressman Knowland, but Stetson managed to slide the chairs of the usher and find room at the table elsewhere. The incident furnished a few smiles to those who observed it.

CALL TO ORDER.

After the waiters had set through the long line of tables about 10 o'clock the call to order was given.

BIRDMEN DAZZLE
ALAMEDA CROWDReno Divorcee in Pink Coat,
Flies With Francis; Tom
Gunn Carries Four.

ALAMEDA, Aug. 12.—Many flights, some of them sensational, were made at the Alameda aviation field yesterday when Bryant, Francis, Gunn and other birdmen warmed up their aerial craft.

Mrs. Jane Wildman, a Philadelphia society matron and Reno divorcee, who is at present stopping at the St. Francis Hotel in San Francisco, made her first aerial voyage yesterday as passenger on Roy Francis' big biplane, "1915 San Francisco," in a flight that lasted fourteen minutes.

The start was made on the aviation field shortly after the arrival of Mrs. Wildman and her companion, Mrs. V. S. Barber. After donning a pink coat, cap and goggles, Mrs. Wildman climbed into her seat on the machine. Francis followed and, after a short run, rose like a bird.

After wheeling several times over the field and gaining the desired elevation, 4000 feet, the plane shot away in the direction of Oakland, where the tower of the new city hall was circled. On the return Francis made his landing within a few feet of the starting point.

MAY BECOME PROFESSIONAL.

Mrs. Wildman said that she had planned to make her initial flight with Francis when he was flying at Reno several months ago, but that the ravifed air made it unsafe for two in a machine. She had announced her intention of studying aviation and making flights unassisted.

TOM GUNN A HERO.

Tom Gunn, the sensational Chinese aviator of this city, who has been starting the residents of this section by his wonderful flights in the past few months, trying several world's records and generally showing a wonderful ability in the operation of his machine, shattered another world's record yesterday afternoon on the Alameda marsh when, without accident, he took fourteen passengers at different intervals up in his biplane.

Gunn's performance yesterday was a climax to the flights in which he has been participating during the past few months. At an early hour in the day he took his machine from its shed and with several hundred friends as witnesses made a short trial flight over the marsh, landing and taking off with record-breaking ease.

His first passenger was rather timid over making the flight into the heavens, but upon landing declared that it was "great stuff." Then in rotation without mishap Gunn began carrying fourteen passengers in as many trips. To the thousands of spectators who had by this time congregated at the scene of the aviation seemed to be struck dumb by the Oriental's marvellous control over his machine. He dipped and circled, executing all of the dare-devil stunts of the modern aviator.

The flights with passengers varied from ten to twenty minutes in duration. Each passenger as he touched the ground echoed the declaration of the first that sailing was "great stuff." The climax of the day's meeting was brought about by Gunn, when, carrying three passengers and himself, he assayed a flight over the marsh. The flight proved a success and the hundreds of Chinese residents who gathered to witness their countryman's performance cheered him to the echo.

Gunn concluded his flights for the day by making a lone flight of 25 minutes. In this flight he gained an altitude of 5000 feet and sped along at 100 miles an hour. He landed at 10:30 a. m., something over half an hour after starting the day's marvellous flights.

This in itself is considered a world's record, while with the addition of carrying fourteen passengers Gunn's performance is declared to be without precedent. Gunn's flight without accident, Gunn's being showered with congratulations from his friends, who are enthusiastic over his performance yesterday. Gunn is modest over his achievements and declared that he will break more records before he is through with aviation.

Mrs. R. Crawford of 615 Twenty-first street narrowly escaped what might have been fatal injuries last night when a motor buggy in which she was driving across the Twelfth street dam, was struck from behind by an automobile and partially wrecked. Mrs. Crawford was thrown to the roadway and received contusions of her shoulders, as well as a bad shaking up. She was taken to the receiving hospital and later to her home. HUNDREDS PRESENT AT
BIG SUNDAY BARBECUE

Politics and Beefsteak Served in Generous Portions at Affair

(Continued From Page 9)

ing "Steaks; who wants 'em!" and "Beans; they're nice, boys!" Lou Crellin of Pleasanton, who had been elected sheriff for the day, climbed upon a bench and with the aid of a plank called the meeting to order.

Crellin introduced Harry Brunner of Hayward as toastmaster and the latter lost no time in getting into action. He gave the honor of the first speech to C. W. Hoyer, who is burglar master of Hayward and as such was entitled to welcome the gathering in behalf of the town and to extend to them the usual felicitations.

Hoyer pleaded for an increase in the membership of the organization. "A man may enjoy robbing when he has no garden, and he can be a true sportsman even if he does not care to go out hunting."

Hoyer announced that the handsome silver trophy offered by the association for the hunter who killed the most bluejays, the natural enemy of the quail, had been won by Ed Ellis of Livermore. In behalf of Ellis, who was not able to be present, George Beck received the trophy and declared the Livermore was proud to have a native annex such a trophy.

WORK IS IMPORTANT.

Robert Duke, attorney for the State Fish and Game Commission, told the crowd that the preservation of the game in the great West was as important as the conservation of natural resources.

"The work can only be done," said Duke, "by organizations such as the one I am addressing now."

Duke was vigorously applauded when he said that education was better than prosecution and that every member of the association should not only act as a policeman in behalf of fish and game, but should assist in the formation of wise and equitable legislation and should teach his fellows and his children the advisability of protecting and propagating fowl and deer.

Concerning the litigation over the lease held by the State game farm on the Hayward property, Duke declared his belief that the matter would be satisfactorily settled in favor of the farm.

One of the strongest speeches of the afternoon was made by A. A. Denison, secretary of the Chamber of Commerce of Oakland, who was introduced as "the best booster of us all."

Denison found immediate favor with the declaration that "not only is Alameda county the best place for the State game farm, but Hayward is the best place in Alameda county for that farm."

All the while of the afternoon, said Denison, "the Chamber of Commerce is with you to a finish. Alameda county produces the largest revenue from hunting licenses of any area of its size in the State and is entitled to the game farm. We are going to keep it, too."

Senator A. E. Boynton and Senator E. K. Strobridge each assured the gathering that the legislature was strongly behind the fish and game commissioners and purposed to give them what laws the sportsmen of California deemed necessary or advisable.

FORESEES TARIFF
WAR AGAINST U. S.Paris Newspaper Declares Action
on Canal Tolls Hurts
Rest of World.

PARIS, Aug. 12.—Quoting approvingly American protests against the action of the American Senate in passing the Panama canal bill which, among other things, provides for the remission of tolls to American vessels engaged in commerce and foreign traffic, the Paris Temps today foresees a tariff war of all powers against the United States unless the President vetoes a course "which wrongs the interests of the rest of the world and belies the solemn affirmation of the cabinet at Washington that the whole purpose of the work at Panama was in the interest of mankind in general."

The Temps, which says it does not wish to incite the United States and the American government has definitely decided its course, concludes:

"Perhaps Americans better would serve their commercial interests by more scrupulously respecting their legal engagements. Fidelity to a pledged word is often sagacious."

NOT OFFICIALLY CONSIDERED.

OTTAWA, Ontario, Aug. 12.—Canada is watching with close interest the controversy over the United States Senate's action in passing a Panama canal bill giving American ships a preference in tolls.

The matter has not yet been officially considered by the cabinet, but it is thought likely a protest will be made through the imperial government and Canada thus adding her voice in requesting that the whole subject be submitted to The Hague tribunal.

TO DISCUSS QUIETLY.

LONDON, Aug. 12.—Arguing that well informed opinion in Canada and France and even in the United States is unable to reconcile the differential treatment of American shipping in the matter of the Panama canal with the Hay-Pauncefote treaty, the Times today deprecates the employment of strong language upon the subject because it would be calculated to impede a quiet and friendly discussion of the matter with the United States, which it will be the British government's duty to undertake.

Whether joined by other powers or not, the newspaper adds, Great Britain is surely well justified if the bill remains in its present shape.

Fearing that Ly Chong, who was found wandering about in the vicinity of the dynamite and fuse works in Melrose, yesterday afternoon, might attempt to blow up the place, he was taken into custody by the Melrose police upon complaint of William Cluff of 1035 Sixty-sixth avenue and removed to the receiving hospital, where he is being held pending an investigation as to his sanity. An affidavit charging insanity was sworn to by D. J. Coley, a police officer, before the District Attorney, this morning. Ten years ago Chong was released from Alameda asylum. ALAMEDA, Aug. 12.—Mr. and Mrs. Lawrence von Tagen, who were married recently in Los Angeles, have returned from their honeymoon. They are staying temporarily in San Francisco until they are located in their new home in Berkeley. Mrs. von Tagen, who is one of the prettiest of Alameda brides of the season, was Miss Marie Quinn. She surprised her friends by being married

in Los Angeles while her friends were still speculating about her wedding day. Von Tagen was called south on an extended business trip for his house. Miss Quinn went to Los Angeles a few days later and the wedding took place immediately following the arrival of the bride in the south. Alameda friends are planning a series of social attentions for the bride as soon as she is settled in her Berkeley home.

ELECTRIC BROUHAM OF
SOCIETY WOMAN BLAZES

ALAMEDA, Aug. 12.—Mrs. Arthur Brown's electric brougham was scorched last night by fire caused, presumably, by a short circuit of electric wires attached to the brougham. Mrs. Brown was called on a Lafayette street friend and left the auto in front of the friend's house. Rose Company No. 4 was summoned to smother the fire, which threatened to consume the handsome car. Prompt action caused the damage to be confined to blistered woodwork.

FAIL TO FIND TRACE
OF FLEEING JAPANESE

CENTREVILLE, Aug. 12.—M. Kura, former Japanese servant of Assessor C. F. Horner, who last Sunday made away with over \$2000 in diamond rings, has not yet been apprehended by the authorities. Immediately upon getting possession of the jewels, Kura escaped on a bicycle, also stolen from Horner's premises. Posses from Alameda county and Contra Costa county, under the lead of Sheriff Frank Barnett, are combing the hills and valleys as well as the Japanese colonies about here in an attempt to capture the thief.

ELOPERS FORGIVEN;
GO TO MEET PARENTS

LOS ANGELES, Aug. 12.—James Blum, youthful son of a wealthy San Francisco commission merchant, who played the lead in a meteoric elopement with Marie Madel, a young telephone operator of the bay city, slipped away from Long Beach yesterday upon receipt of a wire from his father that all had been forgiven. The couple will go to San Francisco soon to meet the bridegroom's parents.

OAKLAND CHILD IS
LOST IN ALAMEDA

ALAMEDA, Aug. 12.—Ruth Weiner, a 5-year-old Oakland child, came to Alameda with her mother for a visit yesterday and promptly lost herself. She was found by the police and taken to the city prison. Later her mother, Mrs. M. Weiner, applied to the police for help in finding the child and discovered her baby contentedly gazing at the brass buttons and imposing blue uniforms of the station cops.

BAPTIST MINISTER
BACK FROM TOURRev. W. H. Groat of Alameda
Attends Baptist Conven-
tion at Spokane.

ALAMEDA, Aug. 12.—After an extended tour of the Pacific Northwest, Rev. W. H. Groat, an enthusiastic worker in the Baptist Young People's societies of the Pacific coast, returned to his home here Saturday evening. On his journey he delivered a series of lectures upon the convention of Baptist workers which will be held in San Francisco in 1913.

At the northwestern alliance of the Baptist Young People's societies, which convened in Spokane, Mr. Groat took part in the proceedings. He preached in the First Baptist, Grove Baptist and the Emmanuel Baptist churches of that city. He also spoke in Seattle, where he was the guest of the parishioners of the Tabernacle Baptist Church. He was honored by the business men of that city, with whom he enjoyed a twenty-mile trip on Puget Sound.

FOUR MEN IN MELEE
WIND UP IN JAIL

ALAMEDA, Aug. 12.—Four Alameda policemen arrested four men yesterday on peace disturbance charges. Those arrested will appear in court tomorrow when Police Judge R. B. Tappan, convalescing from a serious operation, will probably again assume the duties of magistrate. The arresting officers were Fred Hague and Louis Chappelle and George Daly and William Deuser. Hague and La Chappelle arrested Tom Ferrati, 26 years old, and James Delaney, 31 years of age, at Pacific avenue and Morton street. Daly and Deuser arrested Andro Sfortlo, 18 years old, and Jack Delaney, 35 years old, at Sherman street and Lincoln avenue. All four were plentifully supplied with money.

Telephone calls from startled Alamedans informed the police that a battle royal was being waged by the quartet and that stiletos, rocks and fists made up the armament of the warring four. None of the four was seriously hurt and they had separated before the police appeared.

AGED WOMAN FOUND
DEAD IN BATHTUB

BERKELEY, Aug. 12.—Mrs. Amorette Ames was found dead in her bath tub at 2563 Buena Vista avenue yesterday by her son-in-law, G. H. Mathewson. She was 72 years of age. Heart disease augmented for the moment by the heat of the bath, is believed to have caused her death.

When Mathewson broke open the door of the bathroom yesterday evening after trying in vain to get an answer from the aged woman, her body was submerged in the water-filled tub and life was extinct. Dr. Stella Lehr was called and pronounced the woman dead. Besides her daughter, Mrs. G. H. Mathewson, she is survived by another daughter, Miss C. A. Arms.

STRUCK BY HORSE.

BERKELEY, Aug. 12.—Mrs. E. H. Miller of 1420 Josephine street, is recovering at the Roosevelt Hospital from injuries sustained when she was run down by the fractious horse of Mrs. C. Comken of 2235 Hearst avenue in Oakland yesterday. The accident happened at Fourteenth and Clay streets. Mrs. Comken's horse, shied, lunging against Mrs. Miller and throwing her to the ground. It was feared at first that her skull was fractured, but later investigation disclosed less serious injuries. She was brought from the Oakland receiving hospital to the Roosevelt in this city.

ADMITS SELLING WINE.

BERKELEY, Aug. 12.—P. Espolito, a tailor, 1955 Shattuck avenue, who was arrested last week for selling wine contrary to the provisions of the city charter, pleaded guilty to the charge in Judge Edgar's court this morning, and was released in \$500 bond. He will appear tomorrow for sentence.

CY PARKIN HAS ANOTHER OFF DAY AND WE LOSE

Big Fellow Gets Careless and Solons Send Four Runs to Rubber and They Win the Game

SACRAMENTO, Aug. 12.—Big Cyrus Parkin took another tumble here yesterday and the result was a Solon victory by a score of 6 to 4. Five hundred loyal Oakland fans who had journeyed to Sacramento over the Southern Pacific in elegance and style sat in the bleachers and stand and rooted hard and often for their idols and heroes but to no avail.

Cyrus was off his feed and the route and route hit no more than the first. The following is the language of the small boy he got fresh.

SHINN STARTS TROUBLE. Jimmy Shinn put Parkin off to a bad start by taking the ball on the shift. Shinn hobbled to first and promptly stole second. Heister batted a hard single to left that went scolding through Patterson's legs. Shinn scoring on it and Heister pulling up at second. Van Buren drove another single through Coy's hands and made second. By poor coaching at third Heister was prevented from scoring on the hit, but Orr gave him a chance with a stinger to center. Orr then stole his way to third.

Christian was sent in to take Parkin's place at this point, and he walked. Heister, catcher Rohrer broke up a double steal by catching Orr off third, but the youngster dashed for the plate and dived under Rohrer safely. The next two Senators popped out.

PASSED BALL HURT. Prior to this action each team had scored a brace of runs. Sacramento put theirs over in the first. A pass to Shinn, Heister's infield hit, Van Buren's and a passed ball produced one, and Orr's long fly to Patterson the other.

The only wobbly inning Munsell suffered was the second, when he ticked Coy and Heister at the jump. Both were forced out by Coy and Sharpe, but a single to left by Rohrer registered the latter two. The remaining Oakland runs were due to untidy playing and thinking by Tommy Shochman. He had heavy Zacher's grounder in the fifth made one possible, and again in the ninth, when he could have forced Frick at third on Zacher's roller, he delayed and tossed in first, all hands being safe. Coy drove a fly to Shinn and Frick trotted home. Score:

Melrose Man Pays Ten Dollars for Burning His Garbage.

MELROSE, Aug. 12.—Because of a large amount of rubbish which had congregated on his property, Charles Faubette of 3736 High street essayed the role of his own garbage cleaner and in attempting to do so he sat back in a happy contemplation of the results. His study was cut short a few minutes later when he saw to his surprise that the fire had spread over a large area and was threatening not only his own, but six or eight other residences in the immediate vicinity.

At 3 a. m. was turned in and the Diamond and Melrose fire departments rushed to the scene, preventing any serious damage. Over two square blocks of dried grass were burned by the fire. The fire was not out today, but the local police for starting a fire without a permit was not allowed his liberty until he had deposited \$10 bail money for which he received some good advice.
